

Veer Sanyal

Sammanish, WA — 360-643-9424 — vsanyal@purdue.edu — linkedin.com/in/veersanyal

Education

Purdue University — Mitch Daniels School of Business

B.S. Integrated Business and Engineering (IBE) Expected May 2028

West Lafayette, IN

Aug. 2024 – Present

- Relevant coursework: Statistics, Managerial Accounting, Engineering Design & Project Execution

Experience

Firmly

Remote

Product and Engineering Intern

Jun. 2025 – Aug. 2025

- Defined product requirements and validated a PayPal checkout failure-recovery flow with engineering and support, translating customer insights into a shipped product roadmap initiative.
- Collaborated cross-functionally with engineering, UX, and support to drive delivery and continuous iteration; produced handoff documentation that streamlined coordination across stakeholders.
- Built and tracked product metrics (error rate, recovery rate) via server-side logging (Node.js/Express) to enable data-driven decisions and optimize performance in production.
- Established a repeatable QA workflow (edge-case matrix + release checklist) using Agile sprint ceremonies to reduce defect loops and improve release velocity.

Projects

StudyFlowForge (AI-Powered Study Planner) | *React, TypeScript, Supabase, Gemini API* Feb. 2026 – Present

- Defined product strategy and roadmap for an AI-powered planner integrating LLM-based prioritization (Gemini API) to surface personalized study plans from course calendar data.
- Designed and tracked key product metrics (task completion rate, schedule adherence) to inform data-driven iteration; shipped 18+ screens across 4 Agile sprints.
- Identified high-impact opportunities through user research; translated insights into features including an exam-aware prioritization engine and exception-handling views for at-risk students.

Leadership & Activities

Student Managed Investment Fund (SMIF)

West Lafayette, IN

Analyst

Jan. 2025 – Present

- Conduct market research and competitive analysis on public equities in a \$400K AUM real-money portfolio; synthesize findings into strategic recommendations for investment committee.
- Co-authored a 20-page equity report on U.S. Bancorp (NYSE: USB); led competitive analysis, risk assessment, and portfolio strategy sections; defended assumptions in committee meetings.

Engineering Projects in Community Service (EPICS)

West Lafayette, IN

Communications Officer / Build Lead

Aug. 2025 – Dec. 2025

- Led cross-functional coordination on a 7-person team; presented strategic planning updates and tradeoff analyses in two formal design reviews to faculty and external sponsors.
- Translated product requirements into build specifications; iterated on design decisions (18 vs. 22 prisms) based on data from engineering checks and manufacturability constraints.

Skills

Product & Strategy: Product Roadmaps, Market Research, Competitive Analysis, Strategic Planning, Agile Methodologies

AI & Data: LLM/Generative AI integration (Gemini API), Python, SQL (PostgreSQL), data-driven metrics

Engineering: JavaScript/TypeScript, Node.js, Supabase (Postgres), Git/GitHub

Tools: Microsoft Excel, PowerPoint, Jira-equivalent sprint tracking, Adobe Acrobat
