EDUCATION

Purdue University, Mitch Daniels School of Business

West Lafayette, IN

B.S. Integrated Business and Engineering (IBE) Expected May 2028

Aug. 2024 – Present

- **Relevant Coursework:** Financial Accounting, Microeconomics, Statistics, Engineering Design

EXPERIENCE

Firmly

Remote

Product and Engineering Intern

Jun. 2025 – Aug. 2025

- Authored user-facing copy and requirements for a checkout failure-recovery flow, replacing a generic error page with a guided narrative that clarified next steps for users during payment failures.
- Created structured handoff documentation covering ~15 edge-case scenarios to align engineering, product, and support teams on expected behavior; reduced back-and-forth and streamlined cross-functional communication.
- Designed a repeatable QA workflow (20+ test cases + release checklist) adopted as the team standard for fix verification across releases.

Student Managed Investment Fund (SMIF)

West Lafayette, IN

Equity Research Analyst

Jan. 2025 – Present

- Co-authored a compelling 20-page investment narrative for U.S. Bancorp, synthesizing segment-level financial analysis supported by a 3-statement model (DCF, comps, sensitivity analysis) in Excel.
- Designed and delivered a 10-slide pitch deck to a 30+ member investment committee; distilled complex analysis into a structured, persuasive visual presentation and refined framing from cross-functional feedback.

PROJECTS

StudyFlowForge: Intelligent Study Platform | *React, TypeScript, Supabase, SQL*

Feb. 2026 – Present

- Defined product vision and shipped 18 user-facing screens (study, analytics, onboarding); translated complex algorithmic concepts (spaced repetition, forgetting curves, exam readiness scoring) into an intuitive product experience with consistent narratives from first use through daily engagement.
- Crafted the platform's core value proposition ("What should I practice next?") by distilling a multi-factor recommendation engine into a simple, compelling story for non-technical users.
- Integrated AI-powered content generation (Gemini API), reducing manual content creation from hours to minutes; authored structured product documentation (blueprints, SOPs) to align cross-functional contributors on roadmap innovations and feature updates.

Restaurant Video Ad Campaign | *Adobe Premiere Pro, After Effects*

2024

- Planned and scripted ad concepts for a local restaurant; developed visual storytelling angles and ad copy to showcase menu launches and brand identity for social media audiences.
- Filmed, edited, and produced short-form video content end-to-end; videos accumulated 660K+ views across platforms, demonstrating ability to create engaging content that drives measurable reach.

LEADERSHIP & ACTIVITIES

Engineering Projects in Community Service (EPICS)

West Lafayette, IN

Communications Officer & Build Lead

Aug. 2025 – Dec. 2025

- Led a 7-person cross-functional team building a museum billboard prototype; presented design rationale and tradeoff analysis in two formal reviews to faculty, sponsors, and museum stakeholders.

SKILLS

Video & Design Tools: Adobe Premiere Pro, After Effects, PowerPoint (stakeholder presentations, pitch decks), Canva

AI-Assisted Tools: Gemini API (automated content generation), Claude Code (AI-assisted development)

Technical: JavaScript/TypeScript, Python, SQL, React, Node.js, Git/GitHub, Supabase (Postgres)

Analytics: Excel (financial modeling, DCF, sensitivity analysis, pivot tables)
